**Subject:** Lost Horse Quarry

Dear Commissioners-

Please take into consideration these negative impacts that would occur if you approve the Lost Horse Quarry proposal.

-Heavy truck traffic and road impacts

-Noise and dust affecting L.H. residents and recreation enthusiasts -Impacts to wildlife in the area -Severe loss of recreational opportunities including the very closeby day use area and fishing access -Safety concerns of residents and recreationalists using the present road -Loss of a closeby peaceful, wilderness access corridor for numerous user groups -etc.

Also, please consider that there may be several other alternatives to getting this gravel from this specific site. There has got to be a more sensible place that will not cause such an impact.

One more point. Have you really LISTENED to the public comments about the opposition to this project?

Thanks for your time, Annie Creighton
